

REAL LIFE TIPS

Ways to Manage your NDIS Funding

Self-managed

- offers more choice, flexibility, and control
- need to pay up front for services/products
- responsible for record keeping

Plan management

- a provider supports you in managing the plan
- request at planning time so funding for the plan manager can be included in your plan
- have the expertise and can also teach you to self-manage
- payments are made on your behalf

NDIA-managed funding

- also called agency-managed
- providers have to be NDIS registered
- providers claim payment electronically from your funding
- NDIA manage documentation
